KGBEU OU Bulletin

Comrades,

Sub: Scale II joining & posting as BM

Many of the Scale II recruits have expressed their willingness to join our Bank after extension period. Our management has not given a date for their joining till now.

Some of the Officers were given Branch charge before their probation completion, of which some of them are having little knowledge in Banking and some are having little proficiency in regional language.

We have given a letter to our Chairman to address these issues which may adversely affect their career and requested him to act positively at the earliest.
